NETWORKING FUNCTIONS INCLUDE

COCKTAIL RECEPTION & CULTURAL EVENING

End the day by relaxing at the fun and informal Logistics West Africa evening featuring live music and cocktails reception. Unwind and catch-up with new and old contacts.

Hosted by: **Detail**

SITE VISIT

Experience first-hand the logistics behind a mega project. Meet the logistics professionals and learn from their experiences.

Site Visit to:  **ERID-ENERGY**

INTERACTIVE ROUNDTABLE DISCUSSIONS

A highlight from 2011, the successful roundtable discussions are the perfect opportunity to collaborate and debate key logistical issues. Facilitated by industry experts, delegates will exchange business cards, network and collaborate to find solutions.

NETWORKING LUNCHES

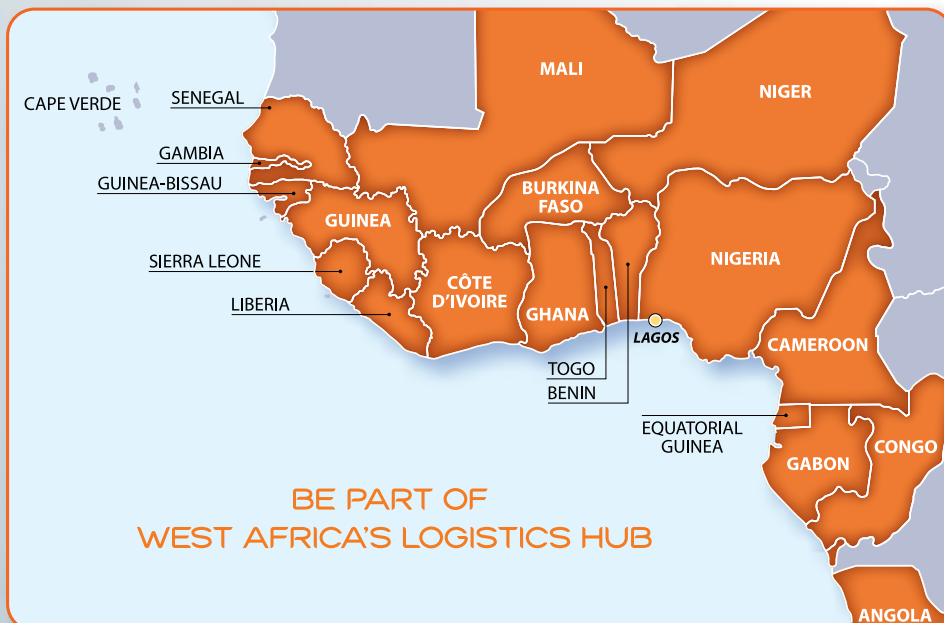

Network in a relaxed atmosphere with key industry experts and representatives. Improve your logistics by sharing innovative practice and build new and lucrative business partnerships with industry leaders.

Hosted by: **LADOL**
Lagos Deep Offshore Logistics Base
in LADOL Free Zone

NETWORKING COFFEE BREAKS

Scheduled around the conference to maximise your strategic networking, take advantage of these opportunities and connect with the right people to drive your business interests. A perfect opportunity to share innovative practice, collaborate and do business.

WHY ATTEND?

- **Meet** key West African governmental figures
- **Understand** key regulations from across West Africa
- **Hear** best practice case studies from logistics suppliers
- **Discuss** logistics challenges faced by leading companies

Exhibition opening: VIP delegates from NAPIMS, NNPC, GNPC, Nestle, Chevron, 7-Up Bottling Company Plc & ExxonMobil amongst others open the 2011 Logistics West Africa exhibition

MGM Logistics Solution Service showcasing their products to Hussain S Tahir, NAPIMS

Engr Ernest Nwapa attending the 2011 exhibition

**DON'T DELAY,
BOOK YOUR PLACE
TODAY!**

or Logistics Decision Makers

Logistics West Africa, without fail, organises **valuable** behind-the-scenes site visits; offering delegates an insight into logistics.

The 2011 Snake Island Integrated Free Zone site visit, was a **unique opportunity** to see the workings of a key transport hub. It allowed the delegates to experience first-hand how free zones can **improve** their logistics efficiency and fully understand the role free zones can play in the logistics sector.

2011 SITE VISIT IN PICTURES

Following last year's **popular** site visit and **positive** feedback, this year we will explore the multifaceted and complex logistics needed to build a mega project.

Logistics West Africa is the meeting place for the logistics industry. With **specialised streams** for:

Oil & Gas

FMCG, Manufacturing & Construction

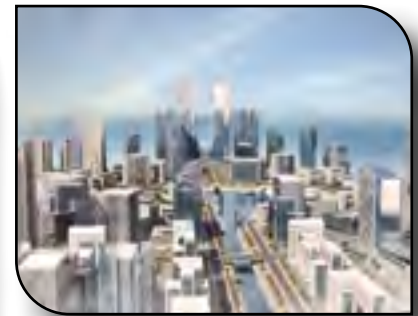

You can use your time smartly and attend the sessions which are most beneficial for your logistics role. The following pages will guide you through the Logistics West Africa site visit, workshop, conference and exhibition.

To register your place visit www.cwc-logistics.com

EKO ATLANTIC CITY & EKO ENERGY ESTATE: THE LOGISTICS BEHIND REAL ESTATE MEGA PROJECTS IN LAGOS

Building a new city that will become the financial centre of Nigeria, if not West Africa, is a major undertaking. The scale of these projects is immense!

The site visit to Eko Energy Estate and Eko Atlantic will offer a unique opportunity to see first-hand the complex and sophisticated logistics behind a mega project. On the afternoon of the first day of Logistics West Africa Conference & Exhibition, 5th November, you will have an opportunity to visit the reclaimed portion of land that once was Bar Beach.

ATTEND THE SITE VISIT TO

- **Learn** and experience the logistical best practice behind the mega building project
- **Understand** the logistical ingredients needed for project success
- **Have an opportunity** to meet the project team and ask your questions

Eko Atlantic City and Eko Energy Estate are evolving rapidly from visionary design concepts into reality; by March 2012 well over 3 million square metres of land has been reclaimed and is ready for development; Eko energy Estate should start urbanization of the land by beginning of 2013

To take part in the site visit, please go to:

SUCCESSFUL PUBLIC PRIVATE PARTNERSHIPS (PPPS) FOR TRANSPORT LOGISTICS

Public Private Partnerships (PPPs) are used globally as a unique model for undertaking infrastructure and transport projects. PPPS can deliver significant commercial opportunities for project developers, financiers and logistics suppliers.

This interactive workshop will provide you with accurate legal advice to enhance your understanding of PPPS and stand you in good stead to be successful in West Africa transport investment opportunities. Balancing commercial and regulatory perspectives, participants will be encouraged to share their experiences and seek guidance.

KEY FEATURES

-  **Identify** the legal issues with Public Private Partnerships (PPPs) & logistics
-  **Understand** the required legal framework for intermodal transportation
-  **Review** lessons learnt from notable Public Private Partnerships (PPPs) transactions in Nigeria & how your company can avoid the pitfalls
-  **Assess** the advantages & disadvantages of contractual & statutory regulation

Conference Day 1

08:30 CONFERENCE REGISTRATION & NETWORKING COFFEE BREAK

1

Ensuring West African Growth

- Advocating solutions, not problems for logistics in West Africa
- Determining economic and fiscal instruments conducive to trade facilitation in West Africa
- Developing the international freight corridor to support economic growth
- Achieving higher performance ratings in the World Bank LPI (Logistics Performance Index)
- Uncovering dynamic future investment opportunities for infrastructure

Chris K. Appaih
Transport Facilitation & Policy Expert
ECOWAS

Ziad Hamoui
Executive President
Borderless Alliance

10:15

NETWORKING COFFEE BREAK & OFFICIAL EXHIBITION OPENING & VIP TOUR

2

ABOUT NCI

NCI

Our extensive operations in Nigeria, which include twelve editions of Nigeria Oil & Gas (NOG) along with infrastructure, construction, technology and telecoms events, meant that it was a natural progression for us to open a Nigerian office, NCI. NCI looks after CWC's operations in Nigeria including Conferences, Exhibitions and School for Energy courses. It aims to support development in Nigeria, and is proud to work with and on behalf of senior level policy and decision makers from:

CWC operations in Nigeria have always had the unprecedented support of the Nigerian Government and are carried out in consultation with the Nigerian stakeholders including the Ministries, State Companies, NGOs and Nigerian industry experts. NCI believes in actively nurturing businesses in Nigeria, supporting sustainability through quality-driven purchasing strategies and has a preference for Nigerian suppliers over international for its Nigerian events, including:

Exhibition Builders
Hostesses
Branding & Signage Printers
Furniture Suppliers
Caterers

AV Suppliers
Technicians
Florists
Security
Internet Providers

Venues
Power Generators
Photographers
Transportation
Singers

Bands
Entertainers
Photographers
MCs
Media & Press

NCI focuses on promoting Nigeria Internationally and has facilitated important meetings showcasing opportunities to international investors outside Nigeria, including:

 BPE Roadshow (2002)

 Nigeria Investment Summit (2002)

 JDA Roadshow (2004)

 Marginal Fields Licensing Round (2005)

 Niger Delta Roundtable (2011)

Our commitment to Nigeria extends to ensuring **sustainable** relationships and events, in-depth **market research & understanding international standards** by leveraging **local knowledge & suppliers as well as having a team dedicated** to Nigeria. Moreover, we organise internships, non-profit events and charity & development initiatives.

CWC and NCI also provide a longstanding support to **Nigerian Business Coalition Against AIDS (NIBUCCA)** as part of our corporate social responsibility.
